1. ORGANISATION AND OPERATIONS

China Healthwise Holdings Limited 中國智能健康控股有限公司 (the "Company") is a limited liability company incorporated in the Cayman Islands. Its shares are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The address of its registered office is P.O. Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands, and the principal place of business of the Company is at Unit 1209, Shun Tak Centre, West Tower, 168-200 Connaught Road Central, Hong Kong.

The Company is an investment holding company and principally engaged in investment in financial instruments. Its subsidiaries (together with the Company referred to as the "Group") are principally engaged in sale of Chinese health products, money lending business and investment in financial instruments. The Group was also engaged in sale of Own Brand Manufacturing ("OBM") toys which was discontinued in current year.

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is the same as the functional currency of the Company and all amounts are rounded to the nearest thousand (HK\$'000) except otherwise indicated.

2. CHANGE OF FINANCIAL YEAR END DATE

On 2 December 2019, the Company announced to change its financial year end date from 31 March to 31 December in order to have a coterminous year end date with that of its substantial shareholder, which is a Hong Kong listed company domiciled in Bermuda, for a comparable presentation of financial performance and position. Accordingly, the corresponding comparative amounts shown for the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, consolidated statement of cash flows and related notes cover a nine-month period from 1 April 2019 to 31 December 2019 and therefore may not be comparable with amounts shown for the current year ended 31 December 2020.

3. APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

(a) Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the *Amendments to References to the Conceptual Framework in HKFRS Standards* and the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2020 for the preparation of the consolidated financial statements:

Amendments to HKFRS 3Definition of a BusinessAmendments to HKAS 1 and HKAS 8Definition of MaterialAmendments to HKFRS 9, HKAS 39 and HKFRS 7Interest Rate Benchmark Reform

In addition, the Group has early applied the Amendment to HKFRS 16 COVID-19-Related Rent Concessions.

Except as described below, the application of the *Amendments to References to the Conceptual Framework in HKFRS Standards* and the amendments to HKFRSs in the current year has had no material impact on the Group's financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Impacts on early application of Amendment to HKFRS 16 Covid-19-Related Rent Concessions

The Group has applied the amendment for the first time in the current year. The amendment introduces a new practical expedient for lessees to elect not to assess whether a Covid-19-related rent concession is a lease modification. The practical expedient only applies to rent concessions occurring as a direct consequence of the Covid-19 that meets all of the following conditions:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- there is no substantive change to other terms and conditions of the lease.

A lessee applying the practical expedient accounts for changes in lease payments resulting from rent concessions the same way it would account for the changes applying HKFRS 16 *Leases* if the changes were not a lease modification. Forgiveness or waiver of lease payments are accounted for as variable lease payments. The related lease liabilities are adjusted to reflect the amounts forgiven or waived with a corresponding adjustment recognised in the profit or loss in the period in which the event occurs.

The application of the amendment had no impact to the opening accumulated losses at 1 January 2020. The Group has benefited from waiver of lease payments on several leases in Hong Kong. The Group has derecognised the part of lease liability that has been extinguished by the forgiveness of lease payments using the discount rates originally applied to these leases respectively, resulting in a decrease in the lease liabilities of HK\$2,107,000, which has been recognised as variable lease payments in profit or loss for the current year.

(b) New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 17	Insurance Contracts and the related Amendments ¹
Amendments to HKFRS 3	Reference to the Conceptual Framework ²
Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform — Phase 2 ⁴

Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) ¹
Amendments to HKAS 16	Property, Plant and Equipment — Proceeds before Intended Use ²
Amendments to HKAS 37	Onerous Contracts — Cost of Fulfilling a Contract ²

- ² Effective for annual periods beginning on or after 1 January 2022.
- ³ Effective for annual periods beginning on or after a date to be determined.

Total	111,768	88,827

During the year ended 31 December 2020 and the period from 1 April 2019 to 31 December 2019, the Group's revenue from trading of Chinese health products is derived from Hong Kong.

The Group determines its operating segments based on the reports reviewed by the chief operating decisionmaker (the "CODM") that are used to make strategic decisions.

The Group has four reportable and operating segments. The segments are managed separately as each business offers different products and requires different business strategies. The following summary describes the operations in each of the Group's reportable segments:

- Consumer electronic products: sale of consumer electronic products
- Chinese health products: sale of Chinese health products
- Money lending business: granting loans
- Investment in financial instruments: investing in financial instruments

Segment revenue represents revenue generated from external customers. There were no inter-segment sales in the current year and prior period. Corporate income and expenses are not allocated to the operating segments as they are not included in the measure of the segments' profit or loss that is used by the CODM for assessment of segment performance.

The Group disposed of the OBM toys segment during the year ended 31 December 2020. The CODM considered the necessity of reporting the OBM toys segment separately under discontinued operation in accordance with HKFRS 5 *Non-current Assets Held for Sale and Discontinued Operations* as the OBM toys segment was a separate major line of business of the Group.

The Group disposed of the consumer electronic products segment during period from 1 April 2019 to 31 December 2019 to match its business strategy and improve its financial position. In the opinion of the directors of the Company, the disposal of consumer electronic products segment does not constitute a discontinued operation as it does not represent a separate major line of business of the Group during the prior period.

The Board announced on 2 December 2019 that the financial year end date of the Group had been changed from 31 March to 31 December.

The above change was to align with the financial year end date of the Company's substantial shareholder which have a significant influence over the Company and whose accounts are to be closed at the financial year end date of 31 December. The Board considers that this change will minimise the resources, such as audit fee, applied for the preparation of the audited consolidated financial statements of the Group arising from the difference in the financial year end dates of the Company and its above mentioned substantial shareholder.

The Company hereby announces its annual results for the year ended 31 December 2020 (the "Reporting Year" or "FY20"). For the Reporting Year, the Group's turnover from continuing operation increased by approximately ("approx.") 28% to approx. HK\$138 million, compared with approx. PLANS AND PROSPECTS

Chinese Health Products

In view of the increasing awareness in health and the aging of population in Hong Kong, demand for health care products, especially Chinese medicine, "Sum Yung" (参茸) and dried seafood in Hong Kong has grown steadily in recent years.

As a result of the global outbreak of COVID-19, the number of tourists visiting Hong Kong has significantly reduced which negatively impact the retail market of Hong Kong. At the same time, the various COVID-19 related restrictions on social distancing and cross-border activities impacted the entire retail market. To take advantage of the shift to online shopping due to COVID-19, the Group will continue to develop online sales channels for our Chinese health products.

At this moment, the global pandemic is still ongoing but the arrival of COVID-19 vaccines has brought hope for economic recovery. Nevertheless, the Group will continue to invest in the health care business and to develop its retail business of "Sum Yung" (參茸) dried seafood products and other healthy food products in Hong Kong with an aim to broaden its revenue base especially to the youth generation and middle class consumers. The Group expects the number of tourists to Hong Kong will rebounce as soon as the situation in relation to the COVID-19 becomes stable which will have a positive future impact on the retail market of Hong Kong and the Group's performance on Chinese health products.

Money Lending

Despite certain uncertainties in the global economy such as the tightening of US-China trade relationship and the global outbreak of COVID-19, the demand for money lending business remain stable during the Reporting Year and the Group's loans receivables together with accrued interest receivables decreased slightly to HK\$223 million (31 December 2019: HK\$264 million). The Group expect the business environment for money lending to be difficult given the current outbreak of COVID-19 and the increase in unemployment rate because many economic activities could not be carried out normally. The Group will be more cautious by strengthening its credit policy and risk control policy.

Investment in financial instruments

The Group will closely monitor various factors such as global economy, investment sentiment and fundamentals of investors and their future prospects and protectively adjust our portfolio in order to improve our performance. The Group will change our equity portfolio mix from time to time and realise the equities held by the Group into cash as and when appropriate.
