LISTING RULES IMPLICATION

The Supplier is held by Brisk Mark Holdings Limited, which is owned as to 30% by Mr. Leung Chung Ming and 70% by Mr. Leung, Kenneth Yuk Wai. Since Mr. Leung, Kenneth Yuk Wai is a son of Mr. Leung Lun, M.H., a substantial shareholder, an executive Director, the Chairman and the Chief Executive of the Company, and Mr. Leung Chung Ming is the brother of Mr. Leung Lun, M.H., the Supplier is therefore a connected person of the Company. The Supplier and its associates are required to abstain from voting on the resolution for approving the Master Purchase Agreement including the Annual Caps.

The Board is pleased to announce that on 23 October 2014, the Purchaser, a wholly-owned subsidiary of the Company, and the Supplier entered into the Master Purchase Agreement pursuant to which the Supplier Group agreed to sell the Products to the Purchaser Group and the Purchaser Group agreed to purchase the Products from Supplier Group during the period commencing 1 April 2014 until 31 March 2017.

* For identification purposes only

THE MASTER PURCHASE AGREEMENT

Date

23 October 2014

Parties

Purchaser: LC Global Holdings Corporation

Supplier: Lung Cheong (BVI) Holdings Limited

Major terms of the Master Purchase Agreement

Pursuant to the terms of the Master Purchase Agreement, the Supplier Group agreed to sell the Products to the Purchaser Group and the Purchaser Group agreed to purchase the Products from the Supplier Group during the period commencing 1 April 2014 until 31 March 2017.

The prices of the products to be offered to the Group under the Master Purchase Agreement will be determined after arm's length negotiations between the parties from time to time with reference to the prevailing market price of similar products and will be no less favourable to the Company than terms available from independent third parties to the Company having regard to the quantity, specifications and/or other conditions of the products to be offered.

The payment terms of the individual transactions under the Master Purchase Agreement will be determined by the parties at the time of entering into transactions with reference to factors such as the relevant transactions amount, nature and specification requirement for the particular transactions.

Annual Caps

It is expected that the total value of the Products to be supplied and sold by the Supplier Group to the Purchaser Group pursuant to the terms of the Master Purchase Agreement shall not exceed the amounts set out below:

Period ending 31 March	2015 (Note)	2016	2017
Annual Caps (<i>HK\$ million</i>)	60	75	95

Note: The period commences from 1 April 2014 until 31 March 2015

The Annual Caps were arrived at based upon (a) the estimated volume of the products required by the Group; (b) the prevailing market prices of the Products with terms no less favourable to the Company than terms available from independent third parties to the Company having regard to the quantity, specifications and/or other conditions of the Products to be offered; and (c) the estimated costs for the supply of such products for each of the relevant financial years under the Master Purchase Agreement.

Conditions precedent

The Master Purchase Agreement is conditional upon:

- i. the passing of the resolution of the Independent Shareholders at the EGM to approve the entering into the Master Purchase Agreement and the transactions contemplated thereunder; and
- ii. in relation to the transactions contemplated in the Master Purchase Agreement, all relevant regulatory requirements on the part of the Supplier Group (including but not limited to those under the Listing Rules and all relevant regulatory requirements in Hong Kong) having been complied with and satisfied.

If the above conditions are not fulfilled on or before on 31 January 2015 or such later date as agreed between the Supplier and the Purchaser, the Master Purchase Agreement shall terminate with immediate effect, neither party shall have any rights or obligations against the other under the Master Purchase Agreement except for any antecedent breach.

REASONS FOR AND THE BENEFITS OF ENTERING INTO THE MASTER PURCHASE AGREEMENT

The manufacturing of the Group's OBM/OEM business are mainly conducted at its Indonesia factory and subcontracted to the PRC factories owned and operated by the Supplier Group (the "**PRC Factories**"). The Supplier Group has been manufacturing and supplying the Products to the Purchaser Group as external supplier since 1 May 2011 after its disposal from the Group. In order to reduce its reliance on the PRC Factories, the Group has been since then transferring a major portion of its requisite manufacturing orders from the PRC Factories to the Indonesia factory and engaging other independent subcontractors for manufacturing and supply of the Products.

The Master Purchase Agreement is in fact a continuation and renewal of the previous master purchase agreement which commenced from 1 May 2011 and expired on 31 March 2014. The annual aggregate amount of purchase of the Products paid by the Purchaser Group to the Supplier Group under the previous master purchase agreement for the three years ended 31 March 2012, 31 March 2013 and 31 March 2014 amounted to approximately HK\$313.0 million, HK\$78.9 million and HK\$47.7 million, respectively. Details of the previous master purchase agreement have been disclosed in an announcement and a circular of the Company dated 9 May 2011 and 20 June 2011, respectively.

The Directors are of the view that the Group's reliance on the PRC Factories' manufacturing capacity had been reduced to a large extent. On the one hand, the Group will continue to source and identify new independent subcontractors for its OBM/OEM business according to its production requirements, costs and production capacity. On the other hand, before the Group can completely cease its reliance on the Supplier Group, it will continue to purchase the Products from the PRC Factories if it finds necessary.

The Directors considered entering into the Master Purchase Agreement will enable the Group to maintain the normal course of business, whilst offering management more time to engage other independent subcontractors for its manufacturing requirements and/or transfer production orders to its Indonesia factory.

Given that the Master Purchase Agreement was entered into during the ordinary and usual course of business of the Group, the Directors (excluding the independent non-executive Directors, who will form their view after considering the advice from an independent financial adviser to be appointed) consider that the terms of the Master Purchase Agreement, including the Annual Caps, are fair and reasonable and is in the interest of the Company and Shareholders as a whole.

IMPLICATION OF THE LISTING RULES

The Supplier is held by Brisk Mark Holdings Limited which is owned as to 30% by Mr. Leung Chung Ming and 70% by Mr. Leung, Kenneth Yuk Wai. Since Mr. Leung, Kenneth Yuk Wai is a son of Mr. Leung Lun, M.H., a substantial Shareholder, an executive Director, the Chairman and the Chief Executive of the Company, and Mr. Leung Chung Ming is the brother of Mr. Leung Lun, M.H., the Supplier is therefore a connected person of the Company. As such, the transactions under the Master Purchase Agreement would constitute continuing connected transactions for the Company under Chapter 14A of the Listing Rules.

Given that the relevant applicable percentage ratios are more than 5% and the annual consideration payable under the Master Purchase Agreement by the Group exceeds HK\$10,000,000, the Master Purchase Agreement is subject to the reporting, announcement, circular, annual review and Independent Shareholders' approval under the Listing Rules.
